3rd Conference Room

11:00pm

The evening after
the capture of
the deserter...

Thank you
for getting us
out of that
dangerous
situation last
night.

Mitsubishi Defense

Tokyo District Office
Large American CAD Maker Company

USMA Army
Deserter Haruhiko Tama Ruse

Major!

Both of
you are
important
comrades,
so I'm
relieved.

To cut to
the chase, I'd
like to hear
your report
on the battle
against Sergeant
Garrison.

According to Sariban's own speech, he claims to no longer require a CAD in order to invoke magic.

Also, his physical abilities appear to have been strengthened and now surpass ours by a large margin.

"Sergeant Sariban has transformed into a Psychic" is what you're saying?

That's correct.

Well then...

It's the first time I've heard of this.

Physical abilities being modified...

Yes Ma'am.

do not get directly involved.

In future cases of apprehending the fugitives,

Right. From now on,

It seems like the first detection no longer be relied on then.

I'll lead you.

High Commander, this way.

It's all right to change now.

I've already ascertained the premises are clear.

Women's Locker Room

This way, Major.

U. Koyoda 5/4

As always,
this way
is more
comfortable.

phew~

Hiding the
ability to
use magic
is much
harder.

Compared
to keeping
'Parade' up.

into that
of Angle
Sirius.

Even so,
'Parade'
is really
helpful since
it changes
my outward
appearance.

You're
not
wrong...

The fugitives
did get
some strange
boost in
their abilities
though.

I feel
like there's
a connection
in all of
this.

wouldn't you
try to hide
your presence
as much
as possible
in their shoes?

They're
currently
being
pursued.

I'm not sure
if we should
relate them
to vampires,
but...

That vampire
ability to
remove blood
with no
superficial
scars left
behind?

You mean
with their
new power?

I won't
make it~

No, his
coordinates
from where he
was before
have changed?

I panicked,
no good.

Same
here...

So
Mender used
coordinates
right away.
I barely
saw it.

Tabuya
-kun still
figured it
out, huh?

...Mender,
the Genabou
you used just
now wasn't
the one you
usually use
right?

To think
that my
genabou
would be
brought.

Whew,
scary,
scary~

My real body
is here.
Fooling them.
Fooling them.

His real body is
in another place.

Metol was originally
a technique used
to deceive the
eyes of those
beings not from
this world.

It isn't such
an uncommon
thing to run
into them.

...Master

I'd like to
ask about
those "beings
not from
this world"
that you
just mentioned.

...Master,
is it okay
if I asked
one more
question?

Go
ahead.

In other words,
spirits splendidly
fit into "beings
not from this
world".

Just what do
you think the
"SB magic" as
it's called, uses
as a medium?

be ones belonging to parasites, that leech off of people's etherical bodies and alter a person?

"Parasites"

and Spirit magic is magic that uses that information and alters phenomenon.

I think...because they interfere with a person's mind, their origin might lie in some sort of mental phenomenon.

Sorry to say, I don't know either.

Takuya...

I didn't get enough sleep and my head is throbbing.

I'm going to go to the school infirmary for a bit.

Yoshida-kun, are you okay?

It's okay...

During lunch break, Erika also came and went without eating.

Speaking of lack of sleep...

I'll be
frank.

Then Tatsuya
-can think
there must be
some type of
clue from the
Vampires in
America then?

It's all right
though. He's
being hospitali-
zed, but his
life isn't in
any danger.

I think the
offender behind
the "Vampire
Incident" came
from America.

Got it.

...?

I'll try
investigating.

Uun. I won't
do anything
unreasonable.

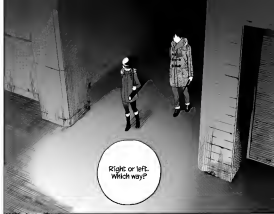

Shizuku, just
try not to
do anything
dangerous.

Erika!
